

WHEELCHAIR KORFBALL

THE MIXED GENDER SPORT

GAMEPLAY

- Each team fields 8 players (4 women and 4 men), divided evenly between the attack and defense zones.
- To move the ball between zones, players must pass it over the midcourt line.
- The half-court line is the boundary between the attack zone and the defense zone.
- Players stay in their designated zones until two goals are scored. Then the players switch roles/zones.

ATTACKER BASIC RULES

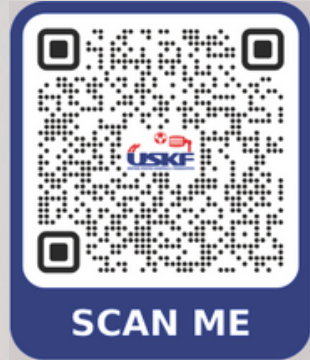

- No dribbling.
- After receiving a pass, you are allowed only two pushes before you must pass or shoot.
- You must pass the ball through the air; no hand-to-hand handoffs.
- No setting screens.

DEFENDER BASIC RULES

- No double teaming.
- Once a player has possession, you cannot grab, knock, or steal the ball from them.
- Defend by blocking the path without contact, or allow enough time and space to avoid a collision.
- Only play defense on the same gender.
